HAUTE HORLOGERIE

MADEMOISELLE PRIVÉ LION

Opening the doors into the private world of Gabrielle Chanel, the Métiers d'Art collection is designed as a jewel box revealing the symbols that Mademoiselle cherished and the objects that she loved to surround herself with.

The skills of the finest craftsmen and women make this collection an exclusive expression of the most exquisite expertise and savoir-faire.

In 2023, CHANEL presents four new pieces in the Mademoiselle Privé collection, faithful as ever to these exceptional Métiers d'Art, and on this occasion honoring Gabrielle Chanel's star sign, Leo.
